

Application No. 09/753,656  
Art Unit: 3736

Applicants hereby elect to prosecute the species using a sensor to control food flow. These would be claims 1-49, 71-90 and 99. Applicants respectfully traverse the second election requirement as none of the independent claims of the previous election are specific as to having a reservoir. Applicants provisionally elect the species with the reservoir, claims 1-49, 71-90 and 99.

Respectfully submitted,  
Ethicon Endo-Surgery, Inc.
